Good Morning,

Please find attached the Texas EJ Activity Chart will be working with today. I tried to capture everything from my notes taken during the last meeting and any comments received. The workgroup can add, revised as seen necessary. Also, my Supervisor provided some information taken from the EJ Workshop report, that will be shared; some has been incorporated and some meshed with what existed..

I completed the chart last night, which is the reason for the late transmission. If you see this email before the meeting, please bring a copy of the attachment.

thanks
